Education

B.Tech, CSE — 2023 – 2027
CGPA: 8.52

12th / Higher Secondary — CBSE / Haryana
Percentage: 90.8%

10th / Secondary — CBSE/ Haryana
Percentage: 91.2%

Skills

Programming Languages: Java, C++, JavaScript
Frameworks & Libraries: OpenCV, PyTorch, React, Node.js, React Native, FastAPI
Databases & Tools: MySQL, MongoDB, Git,REST APIs
Concepts: OOPs, Software Development, Machine learning, Computer Vision, System Design Design Skills: Figma, UI/UX Design, Wireframing, Prototyping, User Research,User Experience, Interaction Design, UI Animation,

Internship / Training

Ustart(UI/UX Design) — June 2025 - Jul 2025

- Designed intuitive user interfaces and interactive prototypes for web and mobile applications.
- Collaborated with development teams to translate wireframes into functional UI components.

Design Projects

BusEase — Figma

Figma · User Research · Wireframing · Interaction Design

- Conducted user interviews and surveys to identify public transportation challenges.
- Developed user personas and prioritized features using the MoSCoW method.
- Designed wireframes for live bus tracking, arrival times, and seat availability.

ShareCircle–Peer-to-Peer Rental Application — Figma

UI Design · Prototyping · User Flows

- Designed intuitive user flows for browsing, listing, and renting personal items through a peer-to-peer marketplace.
- Structured key app screens for item discovery, item details, rental booking, and user profiles to simplify the rental journey.

UStart Driver App — Figma

Figma · Mobile App Design · UI Animation

- Designed driver app screens for onboarding, ride pickup/drop-off, payments, and Help Support.
- Created localized Hindi interface content and onboarding slides.

Achievements & Responsibilities

- Secured 2nd Position - Smart India Hackathon (Internal Round) 2024, among 40+ teams.
- Operations Lead, Environment Club – Organised many campus-wide environmental sustainability events.
